Fuel Oil-Period one coupons for 1944-45 heating year are now valid for 10 gallons per unit and remain valid until August 31, 1945. Unused 1943-44 period 4 and 5 coupons and definite value coupons attached to the same sheets (indicating the number of gallons) are valid through August 31, 1945. Order your fuel oil and fill your tanks as soon as you receive your coupons. Fuel oil users should budget their ration to take care of their heat and hot water needs.

Gasoline-Coupon 13 in new A book valid November 9 and is good for 4 gallons through Dec. 21. New serially numbered B5 and C5 mileage ration coupons are being issued now and are valued at 5 gallons. B-4 and C-4 mileage rations coupons remain valid and are valued at 5 gal. Serially numbered T coupons which bear the designation "4th QTR" are valid through Dec. 31 and are also valued at 5 gal.; all other T coupons are invalid. For your protection against the black market the rationing rules require that every car owner immediately write his license number and state of registration on all gasoline coupons in his possession

Tires-Periodic inspection of tires on passenger cars is no longer necessary. However, the tire inspection record must be retained since it is necessary when applying for tire replacements or supplemental gasoline rations. Subject to need and quota restrictions, motorists with "B" and "C" gasoline ration books are eligible for Grade 1 tires. Holders of "A" gasoline books are eligible for Grade 3 tires. In all cases applications must be made to the local board for a certificate.

Whiskey-Through Dec. 2. Book 3 may be presented to obtain the fifth (of a gallon) or pint, allotted for the 10th period. Servicemen obtain a pint or one fifth for the

# NATION-WIDE BIBLE READING

Humbly we acknowledge words of commendation passed on to us for printing as a last line in this column selected passages in connection with the "Nation-Wide Bible Readings", suggested for the period of Thanksgiving to Christmas.

This nation-wide Bible reading in which millions of American servicemen and their families and other Americans have joined, is sponsored during the holiday period by the American Bible Society and two national sponsoring committees formed for the purpose.

A "nation-wide Bible reading" in which millions of American servicemen and their families and other Americans will join is being sponsored during this holiday period by the American Bible Society and two national sponsoring committees formed for the purpose.

The sponsoring committees include such names as these: Admiral Ernest J. King, Ambassador John G. Wiant, ex-President Herbert Hoover, Branch Rickey, Lloyd C. Douglas, Harvey S. Firestone, John Foster Stagg, Joseph A. Davies, and a dozen or more others.

They believe, as does the Bible Society, that "a revival of daily reading of the Bible in the home, office, store or factory, regardless of denomination, is the surest way for all of us to build, first, a better America, and most certainly a better world."

They believe, as does former Secretary of State Hull, who said in a special statement issued in connection with "nation-wide Bible reading": "Humanity desperately needs today a moral and spiritual rebirth, a revitalization of religion. There is no sure way to this supreme goal save through adherence to the teaching of the Bible."

So the program was set up, with a series of daily Bible passages "most helpful in these times" selected through a poll of more than 100,000 pastors and over 6.000 army and navy chaplains. These suggested readings have been made available to American servicemen throughout the world and to civilians in all parts of this

We are happy to play our own small part in this program and will continue to publish at the end of this column daily, the suggested Scripture readings as chosen in the American Bible Society's poll of pastors and chaplains.

### FAVORITE STORY The Telephone News

An indignant—and shocked—old lady telephoned the police department to report that two telephone linemen working in front of her house were disturbing the peace with their profanity. In no time at all the police arrived at the scene of the disturbance and questioned the men.

"It's been reported that you fellows have been disturbing the peace of this neighborhood with your swearing. It that true?" one of them asked.

"Why, no, sir! Not at all!" a lineman replied. "Bill, here, was up the pole doing a bit of repair work and asked me to pass a bucket of hot lead up to him. He accidentally tipped it and I got it on the back. All that I said was simply, 'Now, Bill, you really must be more

# Why Read Bible Is Today's Query

Men read many different types of books and printed materials, and always, if it is intelligent reading, there is a definite purpose in the reading. It may be merely entertainment or relaxation; it may be to acquire culture; or perhaps to obtain specific knowledge related to

life cr occupations. Why read the Bible? The Bible is the revelation of God to man. It reveals to man the facts concerning his redemption from sin. Man comes to the Bible to learn how to live. He is instinctively religious. He fears death and an unknown future, and well he may, for death is always man's chief enemy. In the Bible he learns that Christ has conquered death and removed its sting, by proving that "if a man die, he shall live again."

Man can learn much about the wisdom and majesty of God from nature. He may see Him in the strength of the storm, the majesty of the mountains or the beauty of the sunset. But only in the Bible can he find Him revealed in Christ as a loving Father. Only here can he find the means of his redemption, so that he may live completely here and in faith look into the future secure in the knowledge of redemption in Christ. Can anyone afford not to read

# Methodists Will Start Campaign of Crusade for Christ

Methodists of Warren are being called upon by Pastors O. L. Wingar, Wayne Furman and Harold Knappenberger, ministers of Epworth, First and Grace churches, to take part in raising \$25,000,000 for world relief and reconstruction, the first phase of the denomination's nationwide Crusade for Christ program of post-war service.

The local appeal, for which the goal is \$984 at Epworth, \$5,479 at First and \$4,275 at Grace church, will begin Sunday, December 3. These Methodist congregations are part of nearly 8,000,000 members of 41,000 churches in the United States who are participating in the four-year, five-fold crusade.

Expenditure of the Crusade Fund by the regular agencies of the church will provide for feeding the hungry, clothing the destitute, and freeing the minds and spirits of the ignorant, the under-privileged, the driven and the dispossessed. Three-fifths of the fund has been allocated for the rebuilding and rehabilitation of human life in foreign countries, nine-tenths in war devastated areas, and the rest in other mission fields. The balance will be used for emergency, war-caused needs in this country.

Other phases of the Crusade for Christ program call for continued education in and expression of opinion for cooperation among nations in the post-war world; renewed evangelism efforts, with special emphasis in 1946; education for Christion stewardship of ability, time and money; and improve-ment of Sunday school enrollment and attendance.

The Crusade for Christ is Methodism's organized response for assuming its part in meeting the unsettled conditions and vast needs created by the war. Having proved its will to live in the face of all enemies, the church is now ready to give practical and spiritual food to the hungry, both of its own household and others throughout the world distinction of race, creed

Warren Methodism is united under its pastors and local leaders in carrying out the program of this

## **Delivering Mail To** Servicemen Problem

The Post Office Department in ooperation with the Navy Department distributed circulars enitled, "The Navy Mail Service" to all first, second and third class st offices throughout the counry explaining the factors involved wartime deliveries to fighting

In answer to the question, "Why doesn't Joe receive my mail regularly?" these pamphlets point out: That the Navy Mail Service nust keep track of the location of 5,000 shifting ships and shore

That men change from ship to ship, and ships from ocean to oc-

That the average speed of a convoy is only 1500 miles a week. That during a low month, 99,-305,449 pieces of mail were handled in fleet post offices at New York and San Francisco.

That a letter mailed from a midwest town may easily travel 15,-

000 miles—five times the span of the United States—to reach a man in the Central Pacific. And, foremost is the fact that

operations surpass everyhing else n imporance and in forward areas, this definitely affects the number of mail deliveries.

"This is one of the conditions of war," the Commanding Officer in a forward area of the Pacific states, "and the conditions cannot be altered in any way except by he progress of the war."

The buoyancy of water does not increase with its depth.
